ONE S
LIGHTING

CORDLESS TABLE LIGHTING

COLLECTION 2026/27

LIGHT, REIMAGINED.

DESIGNED TO ELEVATE
EVERY MOMENT,
EVERY SPACE.

At ONE S, we believe lighting is more than illumination — it is an experience.

Our cordless table lamps combine refined design, quality materials and reliable technology to create warm, memorable atmospheres.

Designed for hospitality and contemporary living. Made in Türkiye, built to last.

CORE COLLECTION

DESIGNED FOR EVERYDAY USE.
BUILT FOR PROFESSIONAL SPACES.

A focused selection of cordless table lamps designed for hospitality and contemporary spaces. Reliable performance, refined proportions and versatile finishes define the core of ONE S.

ICON

REFINED FORM.
EFFORTLESS AMBIENCE.

Icon's classic shade and balanced proportions suit a wide range of restaurant interiors. Choose it for a familiar, understated silhouette that complements the table setting.

- RESTAURANTS - HOTELS - CAFÉS - LOUNGES

STICK PRO

SLIM PROFILE.
POWERFUL PRESENCE.

Stick Pro combines a slender stem with a compact cylindrical head. Its narrow profile keeps views across the table open, making it a considered choice for uncluttered dining settings.

3-STEP DIMMING

MODENA

TIMELESS FORM.
WARM ATMOSPHERE.

Modena's tall stem lifts a tapered shade above the table setting. Its restrained silhouette suits dining spaces that call for a more elevated light source and a clearly defined vertical accent.

DIMENSIONS

H 325 mm - Ø 120 mm

DANTE

SOFT LIGHT.
DISTINCTIVE CHARACTER.

Dante pairs a curved metal shade with a slender stem. Painted, plated and wood- or marble-effect finishes allow the same silhouette to complement different interior materials and project palettes.

FINISHED TO SUIT YOUR SPACE.

From painted colours and metallic finishes to wood- and marble-effect hydrographic patterns, Dante can be personalised to reflect your project's palette and character.

MATERIAL COLLECTION

NATURAL MATERIALS.
REFINED LIGHT.

A collection shaped by natural materials and tactile finishes. Marble, wood and metal come together with warm light to create distinctive pieces for refined hospitality interiors.

- MARBLE - WOOD - METAL - GLASS

Crafted for spaces where material matters.

PANDORA

SCULPTED BY NATURE.
LIT FROM WITHIN.

Pandora illuminates natural marble from within, revealing the stone's individual veining. Its low, compact form brings a decorative glow to intimate dining tables and lounge settings.

DIMENSIONS

H 150 mm - Ø 100 mm

METAL BASE FINISHES

TORN

NATURAL WARMTH.
REFINED CONTRAST.

Torn combines a rounded metal shade and polished stem with a natural wood base. The contrast between reflective metal and warm timber complements interiors that bring different materials together.

CUSTOM RAL

WOOD MEETS CHROME.

The grain of natural wood gives each base its own character, set against the smooth, reflective surface of polished chrome.

VERA

COMPACT FORM.
NATURAL WARMTH.

Vera pairs a natural wood stem with a compact, rounded shade. Its small proportions leave room for dining, while coordinated colour and metal finishes complement the interior palette.

THREE COLOURS. ONE CHARACTER.

Vera combines the warmth of natural wood with burgundy, forest green or ivory finishes. Each combination brings a different character to the same compact form.

▪ Burgundy / Dark Bronze ▪ Forest Green / Bronze ▪ Ivory/ Champagne

KARUN

SCULPTURAL FORM.
NATURAL WARMTH.

Karun places the character of natural wood at the centre of its design. A sculpted timber body and rounded metal shade make it a distinctive choice for interiors with tactile, natural finishes.

MATERIAL IN FOCUS

THE CHARACTER OF WOOD.

The grain of the wood gives each body its own character. Flowing contours reveal its natural texture, while the matte shade and satin nickel details create a quiet contrast.
